## JEANNE BREAKS 3 MINUTE MILE

The first woman in the United States, if not in the world, to skate a mile in less than three minutes did so, last Sunday, at Lake Como, St. Paul, Minnesota.

Jeanne Ashworth, of Wilmington, star of the Wilmington Skating Club accomplished a feat the American Skating Union officials compared to the breaking of the 4 minute mile, in racing, a few years back by Roger Bannister.

Jeanne's mile record, a fantastic one, was set in below zero weather as the final event in the Women's Division of the National Championship matches.

Jeanne skated the mile distance in 2 minutes and 53 seconds, topping off 11 seconds from the old record set by Mrs Jeanne Omelenchuk of Detroit in 1959.

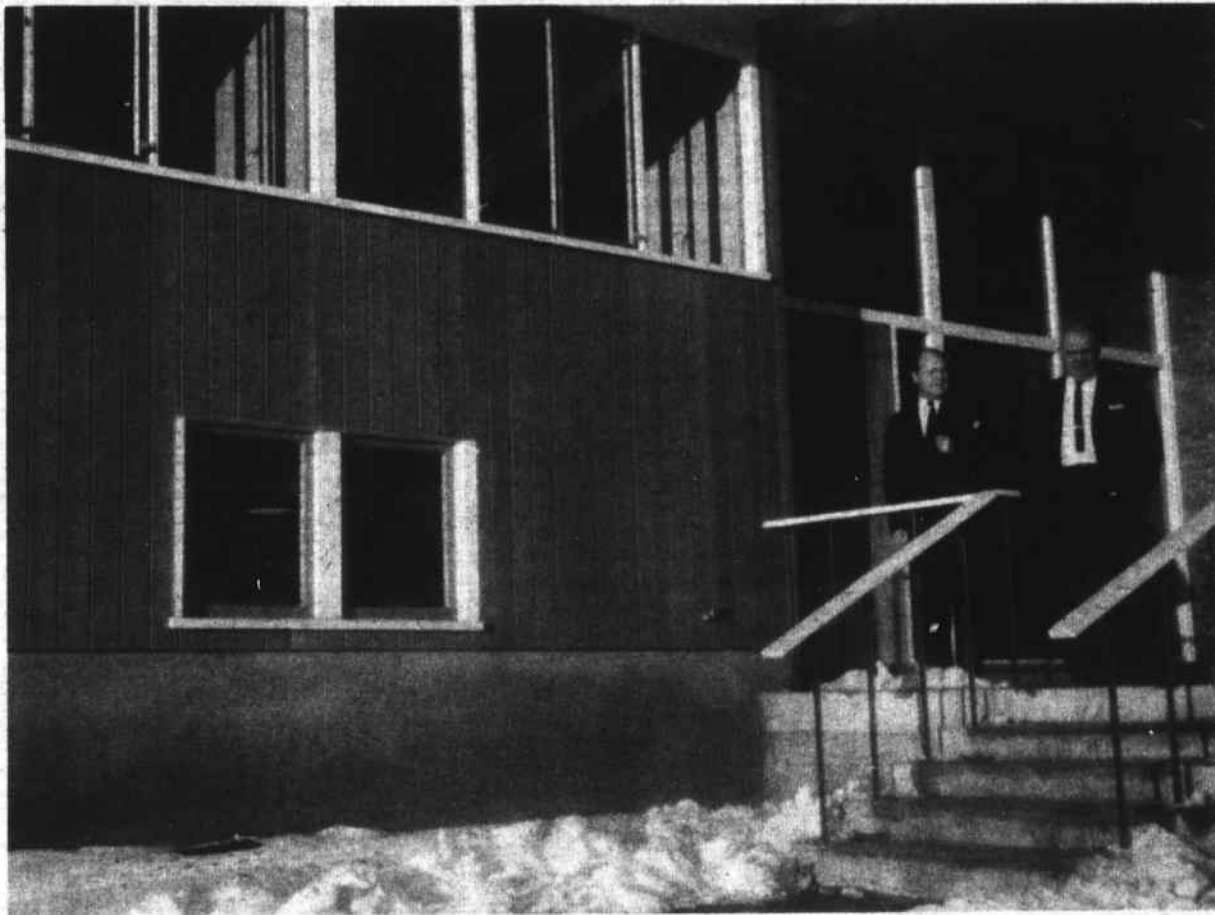

In winning every event Jeanne also scored 25 points in the National event, the first woman to do since the mid 1950's when Pat Gibson of Madison Wisconsin swept the ice.

Mrs Omelenchuk, who has always won when Jeanne was not taking part in events, but never when Jeanne was on the ice, came in at second place with only six points.

Jeanne's record also placed her ahead of the Men's Champion, 18 year old Tom Gray of Bloomfield Minnesota. Gray skated the mile distance, which he won, in 3 minutes 08.3 seconds.

While the three minute mile was believed by most skating officials to be impossible for a woman, it has been learned that Jeanne was planning an assault on the record even while she was home for the Eastern Seaboard Championships. At that time she remarked to friends that she believed it was possible for her to break the mile in less than 3 minutes.

The mile has been skated in less than 3 minutes by several men. The US record is 2 minutes 38.2 seconds, set by Clas Thunberg at Lake Placid in 1926.

## PRICES SET ON VETERAN HOMES

The Massachusetts State Housing Board has set the prices for the sale of the 13 Veteran's Houses, on Wildwood Street, and in doing so has seemingly precipitated an argument among the tenants.

The price set for the two bedroom homes is \$11,500, and the price for the three bedroom homes is \$12,750.

Four of the families attended the Wilmington Housing Authority meeting, a week ago, at the Old Age Housing Project headquarters

on Deming Way, to see how quickly the sales could be consummated.

Meanwhile well placed rumors are circulating around Wilmington saying that the people who live in the Veterans Houses, or some of them, are circulating a petition with an idea of preventing the sale of the houses.

No member of the Housing Authority has made any statement, but it is known that the last two tenants to rent houses were from out of town sources.

## MYSTERY MERCHANT TO DONATE AWARD

The coaches of the two undefeated football teams of previous year, Tone DeTeso, of the 1948 Wilmington High School football team, and Harold (Ding) Driscoll of the 1939 football team are to be guests of honor, Saturday evening, when the Co-Champs of Class C, All-State, Wilmington High School Football Squad will be given a dinner by friends, in the North School.

A surprise feature of the evening will be the presentation of a trophy by a Wilmington merchant who is, at present, known only to Eddie Forrest, Chairman of the Committee.

The merchant has requested complete silence as to his identity, until the moment of presenting the award.

Both the Football Team, and the Cheer Leader Squad are to be

guests, that evening, and awards are planned for both teams.

Joe Bellino, Navy All Star, is to be the Speaker of the evening. Autographed biographies of Joe are to be donated to the Seniors by Al Fiorenza, Wilmington Silver Star hero of the Korean War, and the Lowell Sun Trophy, for the winning of the Suburban Lowell Championship, is to be presented.

His Honor, Mayor George Spanos, will make some presentations from the Old Age Housing People.

Tickets are on sale in Huntley's and at Big Joe's Submarine Sandwich Shop, and members of the Football Team and Cheerleader Squad also have tickets.

## FORREST WITHDRAWS

Eddie Forrest, a candidate for the post of Selectman in Wilmington, withdrew his candidacy Wednesday afternoon. Mr. Forrest is also a candidate for re-election to the Wilmington Housing Authority.

In a statement made at the time he said that he feels that the work on the Housing Authority needs his attention, work that is at present uncompleted. Because of this, he said, he will not be a candidate for the post of Selectman.

## ON AGAIN - OFF AGAIN.

Three weeks ago, at the Planning Board meeting, the board was asked to sign a plan, for Land Court purposes, on Taft Road, for a lot that was only 50 feet wide, but several hundred feet long.

The Planning Board got into a hassle about whether or not they should sign the plan, and finally voted to lay it on the table (i.e. delay) for two weeks.

Last week they took up the plan again, and discovered that while they were thinking of whether or not the lot was a legal one the Building Inspector had issued a building permit for it.

The Building Inspector told the Planning Board that Town Counsel Philip Buzzell had ruled that a letter from a Massachusetts attorney that said that a lot complied with the law was to be taken as evidence. That the lot did comply, and in the case of the Taft Road lot such a letter was written.

The letter was long, but members of the board felt that it did not say that the lot complied with the law. Member Danny Gillis was prepared to argue all night. The board finally signed the plan, on the advice of Atty Jim Banda, Secretary, but some of the members still had their fingers crossed, as to whether

## FOUR IN OLYMPIC TRYOUTS

Four champions from the Wilmington Skating Club are having their try-outs, today, at Lake Harriet, Minneapolis, Minnesota, for the 1964 US Olympic team.

The tryouts which start today go through Sunday, and the winners will be in the US Olympic team which goes to Europe in the fall of 1963, to participate in the 1964 Olympics.

Leading the contestants from Wilmington is Jeanne Ashworth, the fastest woman in the United States, on skates. Jeanne has just won her second National Championship.

Leading contender, in the list of those remaining is Jeff Williamson, who came in fourth place in the Nationals in St. Paul, having defeated his long time rival, Jackie Walters. Jeff won first place in the 880 yard distance, and Jackie was third in the same race.

Nancy Weinberg, game little girl from Wilmington who won the Eastern Seaboard Championship a few weeks ago is also a contender for the Olympics. Nancy, who is travelling with her dad, came in at fifth place in her division.

Mrs Janet Tighe, former North American Champion, and holder of many records is the fourth of the Wilmington champions to be entered in the Olympic tryouts.

Mrs Tighe fell, during the National races, and thus failed to place. Dick Ring, coach of the Wilmington Skating Club, and holder of the Senior Men's 3 mile record, was

unable to attend either the National Championships or the Olympic Tryouts.

It is not known in Wilmington as to the exact number of people who will be in the US Olympic Speed Skating team, in 1964.

In 1960 there were six women in the Senior Women's Division (in which are Jeanne and Janet), but because of the travel expenses only four are to be chosen to go to Europe for the 1964 events. The best skaters in the four distances in which the women compete will be chosen, the 500 meter, the 1000 meter, the 1500 meter and the 3000 meter distances.

Jeanne, in 1960, was the best in the US team for the 500 meter distance.

### THE N.A.S.A PROBLEM

The first remark that was made in Wilming-  
ton, by a knowing person, when the news was  
released that a national aeronautics labora-  
tory, to be valued at \$50 millions, was to  
be built in the area, was an observation that  
the site had already been picked, long before  
the news was given to the public.

Nevertheless there is a considerable in-  
terest in the project, with a lot of pros and  
cons to be considered.

The Mayor of Woburn, the first thing on  
that first Monday morning, fired off a tele-  
gram to Senator Ted Kennedy, offering to have  
Woburn land made available.

Monday night, in the Selectmen's Meeting  
Charles H. Black proposed that TM Melzar and  
Selectmen Brooks and Wavie Drew be made a  
team to try to get the laboratories for this  
town. And Mrs Drew, who keeps on top of such  
situations pretty well, observed that first  
of all there would be no taxes from such an  
installation, and secondly that Rep Brad  
Morse was already working on it for the Lo-  
well area, - adding, as is her wont, that be-  
cause Wilmington has not been alert in having  
itself declared a Labor Surplus Market that  
the laboratory would probably go somewhere  
else anyway.

The NASA laboratory will be about three  
times bigger than Avco, but requires 1000  
acres. 1000 acres, in Eastern Massachusetts,  
is extremely difficult to find in any one  
town, and if found may present that town with  
financial problems because of the loss of tax  
revenue.

On the other hand, if the Laboratory were  
to be located within hollering distance of  
any particular town or city it would mean a  
tremendous boost, for the small manufacturing  
plants of that town or city.

If it were to be located in Woburn, for  
instance, such outfits as Mystic Transformers,  
Mytron and General Thermodynamics could keep  
running overtime for the next decade, and the  
new firm, Technical Instruments Inc., which  
just opened its office Monday morning, on  
West Street, would have to hire 40 or 50 new  
salesmen.

It could be possible for two or three towns  
to co-operate - say the Wilmington-Woburn-  
Reading triangle, at the south part of town,  
or perhaps even better, a part of North Wil-  
mington, a part of Tewksbury and a part of  
Andover, to get 1000 acres of relatively  
free and clear land which might be suitable.

In case the unexpected happened, would  
your insurance pull you out of the  
soup? If in doubt, see

### SUSIE'S SONNETS

by Sylvia Neilson

### WEATHER REPORT

The whole darn country's freezin'.

They're coughin', snortin', sneezin'.

Why even in Miami

They had to take the trees in.

But the chances are that, if it is any-  
where near Wilmington it will be in Lowell,  
or Lawrence, or Haverhill, places that have  
already had themselves declared as a Surplus  
Labor Area.

### LET US NOT HAVE CONFUSION

Two of the candidates who have declared  
themselves for office are doing so for two  
offices - the Wilmington Housing Authority  
and the Board of Selectmen.

There is nothing in the statutes of the  
Commonwealth as such to prevent any man from  
running for as many offices as he may please  
but the Town Charter of Wilmington specifi-  
cally provides that no man may hold the of-  
fice of Selectman or School Committeeman  
and other elective or appointive office at  
the same time.

The chances of either candidate being  
elected to both offices are extremely remote,  
but if such a thing were to happen the town  
would find itself in the extremely peculiar  
position of having elected an officer to a  
position in which he could not serve.

The candidate would have to resign from  
one post or the other, before even serving.  
Then there would have to be another Selectman  
and or Housing Authority member named, either  
by election or by appointment, which could  
become a ticklish subject.

It is only a few years ago that a man was  
elected to the Board of Selectmen knowing  
that he was to leave town within three or  
four weeks. The Selectmen filled his post  
by appointing another person to the office.  
They could have, but didn't call for another  
election. They could have but didn't appoint  
one of the candidates who had run for office  
that year.

It is all water over the dam now, except  
for the bitter feelings which have yet to be  
assuaged.

Either of the two candidates can solve  
this problem, as far as they are concerned,  
by filing for only one position, with the  
Town Clerk, as they must do, by next Saturday.

Being a candidate for Selectman, or for the  
Housing Authority but not both, would be, on  
the part of the two candidates, a move to  
stop some possible future confusion.

### THE IPSWICH TAP

At the moment the Board of Selectmen have  
narrowed down their choice of possible candi-  
dates for the Town Managership of Wilmington  
to eight. No one knows when the final choice  
will be made, but one of the problems that  
will confront the new Town Manager will be  
that of the Ipswich River.

Back about 1900 Caleb Harriman, one time  
Chief of Wilmington's Volunteer Fire Depart-  
ment, one time Water Commissioner, Business  
Man, and Citizen Extraordinary made a trip  
down the Ipswich, by canoe. Since then sev-  
eral other persons have done the same thing,  
the latest being Jackie Bowen and Dickie Al-  
lard, before they got into the Football Hero  
classification.

## TOWN NOTES

### Saturday's Explosion

Saturday morning, somewhere a-  
bout 11:30 the sound of two ex-  
plosions, within about thirty se-  
conds of each other, was heard in  
Wilmington.

People in the Silver Lake area  
told the Town Crier that they be-  
lieved the sounds had come from  
the direction of North Wilmington.  
One North Wilmington man thought  
the noise had come from Andover  
or the very northern part of Wil-  
mington - others said it sounded  
as though it were down on, perhaps,  
Glen Road or in Wilmington Center.

Reconstructing, the Town Crier  
is of the belief that the source of  
the noise was the explosion of a  
house in Woburn, on Mayflower  
Road, which is in back of the Le-  
gion Hall, on the West Side of that  
city. The explosion was widely re-  
ported (and photographed) in the  
Sunday papers from Boston.

Judging from the volume of the  
noise, Wilmington could not have  
been the limits at which that ex-  
plosion was heard. It was heard,  
in this town, about 10 miles from  
the source - and it must have been  
heard much further on than that.

### Fascination

Like the little bird that is reputed-  
ly fascinated by the eyes of the  
snake that is about to devour it, we  
have been thinking over a little  
domestic troubles that beset one  
Wilmington family.

The Town Crier is not interested  
in reporting domestic squabbles,  
as such, but in this case, - well,  
the reader must judge for himself.

The man of the family earns good  
money, and likes automobiles. He  
sometimes owns several, and is  
always tinkering around them.

It got on the nerves of the lady of  
the family.

Then he announced that he was  
going to buy a Corvette.

She announced that if he bought a  
Corvette she was leaving.

And he did.  
And she did.

### Telephone Directory

Some few weeks ago the Town  
Crier had a story about a Telephone  
Directory which was being pre-  
pared by the Wilmington Junior  
Chamber of Commerce.

The book, we are given to under-  
stand, is almost ready to go to  
press.

Motivated by a desire to do the job  
right, the Jaycees tried to correct  
all the addresses in the telephone  
book in accordance with the new  
street names voted by the town a  
couple of years ago.

Harry Sandler, Reg. Ph.

Jackie and Dickie went down the Ipswich for adventure. Mr. Harriman, and the others had another idea in mind - that of seeing if the Town of Wilmington could get rid of some of its swamps.

There have been many efforts through the years, all of which failed for one reason or another, and in this connection it is noteworthy that a full grown investigation of the river is being asked, by Essex County communities. The request is being made of the (Massachusetts) Legislative Committee of Water Resources and Water Supply.

This is an area in which a knowledgeable and active Town Manager can well serve his community.

Wilmington for years has had efforts at improvement of the Ipswich River channels blocked by pleas from down-river towns that there could be damage to their water supply systems.

Wilmington tax-payers have taken it in the neck, just to make sure that, without any definite knowledge, down stream towns could point to the marshes of Wilmington and be assured that there is water there.

A Town Manager who is willing to work is needed, now more than ever before.

And the taxpayers of Wilmington can meanwhile keep their fingers crossed, and hope that the right man is chosen.

#### SELECTMEN WANT TOWN TO BUY NEW ACCOUNTING MACHINE

A new accounting machine, for the Town Hall, will probably be in the warrant for the Town Meeting, judging by a conversation between Temp. TM Harold Melzar and the Finance Committee.

\$7000 has been allocated in the budget for the machine, but Melzar told the FC that the cost would be about \$6500.

The machine purchased last year has done well, the TM said, with the time of the machine being fully allocated to the various departments. The Water Board, for in-

stance, has the use of the machine for three days a month.

The wife of the Town Accountant is the principal operator of the machine, and it has proven invaluable, but billing is still lagging, according to Melzar.

Melzar stated that there were 594 persons on the town payroll, including the personnel of the School Department and recipients of Town and Veterans Welfare.

Melzar wants another full time clerk for the Town Hall, that clerk to be allocated to various departments.

He said that the Assessors have a problem with abatements on auto taxes, which have to be filled out by hand, on a form that has four copies (carbons). This runs into a considerable problem he said, one that will be eased somewhat next year, when the State will do the billing on Exise Taxes, instead of the towns and cities.

Commenting on the purchase of supplies and materials for the town he told the Finance Committee at how much business he has been able to keep for the Wilmington merchants, and at the savings that had resulted, and - he hoped, the increase in good will.

Other purchases sought for the Town Hall include \$800 for equipment for the Town Collector, which money would include a safe in which the tax payment records could be kept, and an adding machine.

The Middlesex County National Bank had given an old safe to the town, he said, but it couldn't be kept in the Town Hall because it was too heavy. It is stored in the Highway Department Building.

The Town Clerk needs two new filing cabinets, which Melzar estimated should cost \$150 apiece. The Assessors are looking for some office equipment. The files are old, and the typewriter used by the clerk is 20 years old. An electric typewriter with a long carriage, to cost \$441 was recommended by the TM.

Melzar told the Finance Committee that the Water Department surplus revenue was up to \$76,000 this year, something he had never heard of before. Only 40 houses in the town are not metered, and that because they are built on posts.

The houses that are not metered pay \$10 a quarter, against the \$6 a quarter charge for metered houses. Those house owners pay \$40 a year, instead of \$24, and Melzar thought, in the instances of these particular houses, that the town was getting the best of the bargain.

#### UNITARIAN CHURCH OF READING

Sunday 9:30 am Choir Rehearsal 10 am All church school classes meet, in Sawyer House and Community Hall. 10 am Service of Worship, Sermon: 'The Ground we Stand On'. Nursery & Kindergarten children will be cared for in the Sawyer House. 11 am. Choir rehearsal.

There will be a fellowship hour in Community Hall following the service of worship. Coffee and punch will be served.

Tuesday 7:30 pm Religious Education Committee meeting at the home of Mrs Percy Anderson. 8 pm, Adult Study Group in the Community Hall. All welcome.

Wednesday 12 noon. Junior Unity, dessert and coffee. Dorothy Cox will speak on 'Goofing through Europe'.

#### WSDS GUEST NITE

FEBRUARY SIXTH Ladies from the Congregational Church, and ladies from the Wilmington Woman's Club are to be the guests of the WSDS of the Methodist Church, on February 6th, in an evening program which will have, as a special speaker, the Rev. Roger Palmquist of the Congregational Church of Waltham. Mr Palmquist is to speak on Love, in cartooning, and in the work related to the ministry and religion. Refreshments are to be served.

#### FEDERAL STREET PARENTS HOPING FOR PEDWAY ACTION IN TOWN MEETING

Action for the construction of a pedway between Federal Street and the Wildwood School, promised two years ago, is hoped to be accomplished this year, by a group of parents from the Federal Gardens area.

The parents have been told by Selectman John Brooks that there will be action in the annual town meeting in March.

Checking in the Town Hall, in the past week, they have been told that the Town Engineer is surveying the land, which belongs to a Woburn resident, and that there will be two articles in the Town Warrant, one for the purchase of the land at a cost of \$4500, and the second for the construction of the pedway. The ladies have been led to believe that the pedway will be ready for the fall session of the public schools.

Close to sixty children have to walk around Woburn Street, a distance of nearly a mile, because there is no pedway.

The ladies are planning to send delegations to both the next Finance Committee meeting and the next Planning Board meeting.

ROLAND WOOD IS CANDIDATE FOR BOARD OF SELECTMEN

Attorney Roland I Wood of 8 Lockwood Road is making his first bid for an elective office by filing his papers for the office of Selectman. He, along with his wife Ruth and their two children moved to Wilmington in the early part of 1956. Mr Wood's occupation is that of a full time practicing trial attorney, specializing as Defense Counsel for the Liberty Mutual Insurance Co., with offices in Boston. A member of the Massachusetts Bar as well as the Federal Bar, he attended Suffolk University and Suffolk Law School. He is also a member of the American Bar Association and the Boston Bar Association.

Mr Wood is a veteran of World War II, serving in the U. S. Marine Corps from 1942 until 1946. His service with the town government has consisted of Chairman of the Building By Law Committee and a member of the Ice Skating Rink Committee. At the present time he is the President of the Wilmington Pony League, a director of the Baldwin Civic Association, a member of the executive committee of the Wilmington Republican Town Committee, Chairman of the Board of Trustees of the Wilmington Methodist Church, and past president of the Wilmington Community Fund.

Assuming that the appointment of a permanent Town Manager is delayed until after the town's elections, it will be the responsibility of the new Board of Selectmen to pick an individual who will fit the needs and requirements of a town such as Wilmington. Clearly, this will be the most important chal-

lenge and responsibility of the Board. The future growth and economic stability of the Town, to a large extent, will hinge upon this appointment. You, as a voter, under the Town Manager Plan of government, delegate this responsibility of selection to the Board of Selectmen. The selection of the candidates to fill the two vacancies on the Board is in your hands. May it be respectfully suggested that the guide you use in the selection of the candidates is not on the basis of popularity, but rather on the qualifications of the candidates and their ability to serve.

Investigate and study their platforms, and above all, their ability to carry out what they promise. Remember, the best interests of the town are at stake.

Mr Wood respectfully submits his candidacy for the office of Selectman and earnestly seeks your questions and above all, your vote.

RENE LA RIVEE CANDIDATE FOR BOARD OF SELECTMEN

Rene J. LaRivee, Concord Street has announced that he will be a candidate for election to the Board of Selectmen, in March.

Mr LaRivee is well known for his civic work in Wilmington. He has served in Civil Defense for 10 years, 2 as chief of the Ground Observer Corps, and 8 as Director of Wilmington Civil Defense.

He also served on the Water Extension Committee and the Capital Outlay Committee, and was President of the East Wilmington Improvement Association. While serving there he was instrumental in forming what was known as the Civic Council of Wilmington.

Mr LaRivee, who is 54 years old, moved here from Lynn 14 years ago, and built the home where he now resides, on Concord Street. He is married to the former Margery Fleet of Lynn, and has three living children. One son was killed in the US Air Force.

LaRivee feels that his work on Civil Defense has given him an insight into the needs of the town, because he has had to work so closely with the various departments of the town. He states that he will devote the same time to being a Selectman as he is now devoting to Civil Defense.

dacy for the School Committee. Mr Kelley has been a resident of Wilmington since 1922, and graduated with the High School Class of 1934. He has been a resident of Wilmington ever since.

This is not Mr Kelley's first attempt at public office in Wilmington. He was a candidate 22 years ago for the School Committee, and was defeated by the late John W Hathaway by 18 votes.

He was elected to Welfare Board in 1941, and served until he joined the US Navy, part of the time as Chairman. He was at that time instrumental in bringing to Wilmington the first Federal Aid in the Welfare Department. He also inaugurated the first 'Pay for Aid' program, in which the recipients of aid could pay for their aid by working with the Highway or other town departments. Wilmington was the first town in the area to do this.

Mr Kelley has been a construction analyst for the US Veterans Administration Housing, and is now a Construction Representative for the Federal Housing Administration. He has been in the government for the past 12 years, and is a candidate by virtue of a ruling by the Civil Service Administration that a School Committee post is non partisan.

TOM REIDY IS CANDIDATE FOR HOUSING AUTHORITY

Thomas Reidy, 84 Glen Road, has declared himself a candidate for the Wilmington Housing Authority. Mr. Reidy was educated in the parochial and public schools of

Cambridge, prior to his moving to Wilmington.

He served in the US Army from 1947 to 1955. He is a member of the Wilmington Town Democratic Committee, and is married to the former Rosamond Valair. The couple have one son.

Mr Reidy is plant supervisor of an acoustical engineering firm in Cambridge.

CHARLES GREENE CANDIDATE FOR SELECTMEN

Charles Greene, Shady Lane Drive is a candidate for election to the Board of Selectmen, and he is also a candidate for the Wilmington Housing Authority.

Mr Greene is well known to Wilmington residents because of his connection with the Brox Company. He has been a resident of Wilmington for the past 10 years, and has lived in the Wilmington Tewksbury area for the past 40. He formerly served as a town official in Tewksbury.

He is a past president of the Merrimac Vally Trotting and Pacing Club, and is well known in the horse world for his abilities as a driver of harness racing horses, and as an official of several clubs.

(The Town Crier regrets that, for the second week running, because of mechanical limitations, it is unable to present the reports on all the candidates).

# WOBURN STREET RESIDENTS PROTEST SPEEDING

Robert Dick, 712 Woburn Street, representing about half a dozen neighbors, has protested to the Chief of Police about cars speeding on Woburn Street.

Dick had a dog injured last year by a speeder, and since then there have been several near injuries to children.

He and his neighbors, he told the Chief, have tried to slow down the passing autos, but without results.

## WILMINGTON HIGH SCHOOL CLASS OF 53 PLANS REUNION

A reunion, for the Class of 1953, Wilmington High School, is being planned for next June 15th.

A search is being made for the following members: Beverley Berkeley, Sally Bickford, Carl Detato, Vernon Elliott, Joan Harris, Richard Kelley, Deborah Manson, Rita Moran, Donald Otis, Janice White, Lorraine White and Shirley White.

Persons knowing of the whereabouts of these persons are asked to call Mrs Madeline (Emery) Syvertson, 658 - 8675 or Allan MacMullin, 663 - 4209.

LLOYD BENDER WAS THE LAST CANDIDATE TO ENTER: A photograph taken in the Town Hall at 4 pm last Saturday, as the last political candidate filed his papers. With Bender, who was filing for Selectman, are George Quinn, Bill MacKinnon, Charles Burt, George Mann and Warren Everett.

BILL HARRISON APPOINTED  
TO PERMANENT BUILDING  
COMMITTEE.

William R Harrison, 136 Church Street, a Master Plumber, has been appointed to fill the vacancy in the Permanent Building Committee, as a result of the resignation of Vincent McLain, last week. Mr McLain received a vote of thanks from the Selectmen Monday night.

Mr. Harrison is well known for his boat building abilities, in addition to his abilities as a plumber. A large motorboat on which he has been working for several years is in his back yard, and a few years ago he built and operated (not too successfully) a small submarine, which was tried out, on, in, and under the waters of Silver Lake.

WILDWOOD PARENTS CLUB

Last Monday morning Building Inspector Minot Anderson rescinded the Building Permit, and wrote a representative of the owner, so informing him.

Tuesday morning, Anderson received a letter from Philip Buzzell.

The lot, Mr Buzzell said, conforms to the zoning laws of the Town of Wilmington, and should be allowed to have a Building Permit.

WILMINGTON DEVELOPMENT  
PLANS PARTLY REVEALED

Jim Costello, a representative of Cosmo J. Caterino of the Wilmington Development Company, of No. Wilmington exhibited some tentative plans for that companies proposals of an industrial development in North Wilmington adjacent to the Boston & Maine Railroad, Monday night, to the Board of Selectmen. Mr Costello told the Selectmen that Caterino hopes to build a road across the swamp, adjacent to the railroad, to Concord Street, and to have about a dozen sites for business firms on that road.

The project, he said, would entail the use of about 80,000 yards of fill, and Mr Caterino was hoping to find a place in Wilmington from which he could get the fill. Costello was told by John Brooks, Chairman of the Board, that he might get the fill from New Hampshire, via the Boston and Maine, at a cost of about \$1 a yard.

The land which Caterino proposes to buy would be from his present property (the old Tannery site) to Concord Street, and would include the Ernest Eames property, but, at least not at present, the George Cole property.

One acre of the Lopez property, on Mystic Avenue would be retained by the present owner, Costello told the Selectmen, with Caterino buying the rest, which consists mainly of swamp.

The re-zoning of the land is scheduled to be a Town Meeting article. Mr. Caterino plans to have an Open House, at the Waltham Door & Window plant, so that interested persons can see what he proposes, before the question arises in the Town Meeting.

The clinic will be from 9:30 am to 10:30 am at the Old Age Housing Recreation Room, on Deming Way.

**TM MELZAR RECOMMENDS  
ABOLISH GREENHOUSE IN  
BACK OF HIGH SCHOOL**

Temporary Town Manager Harold E Melzar has recommended to the Wilmington Finance Committee the abolishment of the greenhouse, in back of the High School.

A small greenhouse, it is visible only from the back parking lot. It stands next to the High School, and can only be entered from within the High School building.

Melzar told the Finance Committee that the cost of renovating the greenhouse would be \$500. He recommended instead that it be demolished.

The two emergency generators, which are in back of the school, he told the Finance Committee have been sold to Camp Forty Acres for the sum of \$1. He did not consider the generators as being worthy of repair.

Melzar was against the proposed painting of the Herbert C Barrows Auditorium, an item that appears in the School Maintenance Budget this year. The cost was estimated at \$7000. He didn't think that the auditorium needed painting.

He also was against an item for painting the paintshop, telling the Finance Committee, with a touch of humor, that why it should cost money to paint the paint shop 'I cannot say'.

A proposal to put new tile in the High School kitchen was also given the thumbs down signal by the TM. He said it would be a two month job, and that all the equipment in the kitchen would have to be removed. It would be cheaper, and better, he told the Finance Committee to 'put some preparation on the floor' as it is.

At the present time, Melzar said, there are six full time men working at keeping the High School clean - three men on days, and three on night times.

Speaking of the janitorial staff he told the Finance Committee that he had investigated and found out that the Selectmen have no authority to set any kind of hours for those men.

The men, he said, are working 40 hours a week. They are to get a \$5 increase in pay this year. In addition he expects that there will be overtime work.

**UNITARIAN  
DISCUSSION GROUP**

The Denominational Affairs Committee of the Reading Unitarian Church is sponsoring a discussion program on 'Ventures Into Thought'. The discussion chairman is Cornelis Coenraads, and additional discussion leaders will be Ara Karakashian and Keith Baldwin. The first meeting is scheduled for

Tuesday, Feb 5th at 8 pm, in the Community Hall, Reading. The topic is to be 'Women', and other topics for following discussions will be 'Democracy', 'Love', 'Education', 'Leisure', 'Aging', and 'Ethics'. People who wish to come as an observer at the first meeting will be welcomed.

**LETTERS**

27 Concord St.  
January 28, 1963

Dear Larz:

Your issue dated Nov 29 1962 glowed with the headline proclaiming a million dollar industrial center. Ever since I have been collecting facts and rumors about this panacea which Mr Brooks and Mr Webber both publicly favor.

Our two public officials are, I am afraid, dazzled by the glittering promise of tax revenue which will flow forth from the swamp turned to gold mine now owned by Mr Eames of Concord St. At this point please do not misconstrue my intentions. Mr Eames has a perfect right to sell

and Mr Caterino to buy the aforementioned swamp. What I am concerned about is what Mr Caterino will erect in this area if it is rezoned for industry.

Wilmington is now faced with the big time real estate developer. Mr Campanelli wants to put in houses, Mr Caterino factories. Just what will Mr Caterino be able to put in this zone?

According to our laws (which, incidentally seem inadequate) he may erect:

- 1 A repair garage for vehicles in use.
- 2 Open storage of building materials in unused condition.
- 3 Open storage of contractors equipment in use, livestock feed, fertilizer, heating fuel, paint and paint supplies.
- 4 Warehouses for livestock, fertilizer, feed, heating fuel, paint and paint supplies.
- 5 Power laundry, dry cleaning or dyeing plant.

This land in question is bordered on two sides by houses, it is certainly going to be a beautiful sight for these abutments to gaze fondly out of their windows at a pile of fertilizer bags, a broken bulldozer or two, and a nice combustible warehouse full of paint, turpentine, and linseed oil.

What makes it worse I can find nothing in the by-laws on zoning to make Mr Caterino have any form of buffer zone between the above types of industrial property and the residential neighborhoods bordering them.

In addition, Mr Caterino can buy frontage squarely in a residential area on Concord Street on either side of the house occupied by Mr Eames. What does this mean Planning Board and Town Fathers? Are we going to have a factory, a house, a factory, a house, etc.? This is brilliant planning. Are we going to have two streets dumping and spewing a horde of racing trucks and cars onto a peaceful residential street. Or will we have both?

I suppose that a 'public' hearing will be quietly held some dark night in the town hall so that all these questions can be answered. The real answer will come however, at the Town Meeting.

There is an article presented, which will cause irreparable harm to a portion of our town. When it is presented I hope that the good people of Wilmington will weigh slippy zoning and air choking industry against a peaceful, quiet residential town. If they do, and if they will press our town officials for some facts, I am sure they will throw out the re-zoning article as a poorly planned machination designed to benefit a few and to cause misery for many.

Very truly yours  
William D MacKinnon Jr.

Dear Larz:

Some years ago our town fathers told us that we should have our town rezoned, and that we should set up a pattern so that we could look forward to a secure town, in its layout.

We so voted, and a large sum of money was used to have the town rezoned according to experts.

It now seems this money was wasted, as a lot of our money has been wasted, by voting with confidence

**TOWN NOTES  
(Fr. Pg. 2)**

They just didn't realize what they were getting into, for even the well equipped (financially) town made mistakes of one kind or another.

The town, for instance, voted to make Swain Road West into Congress Street, and then put up a sign saying Congress Street, and up in North Wilmington the town made another blooper, on Lipp Road.

We don't know if the Jaycees made any bloopers, in their task of correcting street addresses in the telephone book, but we would be more than surprised if the job turned out to be 100% correct.

The book will be published shortly, we are told, and then the people of Wilmington can judge for themselves.

**Trip to Scotland**

The Town Crier has learned that Howard Whitmore of Woburn St., (near Lucci's) had a free trip to Scotland, a little while ago, courtesy of the US Navy

Howard is a young fellow who (top of next page)

in our town officials.

Since the rezoning business men have come into our town and have been buying up land adjacent to the residential areas, and then, by selling an idea to the right people, have been having a field day.

They are capitalizing on the small man. They sell the right man with the idea, and they rezone their property, and it is for their own benefit. When is it going to stop? There are many changes in zoning coming up in the next Town Meeting.

We have had industrial areas set aside, by experts. That land is idle and the town has talk of industry springing up in other parts of town. Right now a million dollar industrial park is being planned across from the Whitefield School. I for one am wondering: What is going to happen next?

Yours  
Ralph Zwicker

The trip was sort of an award - 'Young Man of the Month' idea. Howard must have invented a new way to find submarines, or maybe a way to fry doughnuts on a galley range, in a rolling ship, without spilling the grease.

#### Questions & Answers

The editorial desk of a weekly newspaper can get a lot of questions from its readers, and the past week was no exception.

We had a call from one individual this week who wanted to know when the next liquor store license could be issued. We told him that it would be when the population of the town reached 15,001.

It turned out that we were wrong, as conversation in the Selectmen's meeting, Monday night, showed that the population has to be 20,001.

We had another question this week about homework, for some child. It seems that the teacher wanted the child to bring in, as homework, a list of all the 1963 governors of the 50 states, and the way the question was propounded to the

editorial desk was: Can you name them?

We couldn't, and a little reflection brought out that one couldn't get the information from the 1963 World Almanac, either.

We called the Superintendent of Schools, who thought that the question could sound unfair, but that perhaps the child was one of those that was receiving the little weekly news digest which is given to some classes, in which the 1963 governors may have been listed, and the question was designed to see whether or not the child was observant. Anyway the Superintendent is going to investigate.

There were the usual run of the mine questions about Zoning, Cops, Speedsters, etc etc, which are not worth commenting on, but the one that we got the kick out of came from Uncle Avco.

A couple of years ago that great big scientific institution called this little weekly paper and wanted to know what the barometric pressure was. We were able to supply the information.

Just the other day they called again, and this time Uncle wanted to know what the Barometric Pressure was last Thursday, Friday and Saturday.

That one stumped the Town Crier. We don't bother to record barometer readings.

#### Real Estate Etc

The Town Crier is constantly getting questions from interested persons as to whether or not more of the huge real estate developments are being planned for Wilmington, and what happened to the last one being planned.

In spite of the lack of action the last one is not dead, not by any means.

And more are being planned. Some people went traipsing through the woods and gravel pits in back of the LaRivee home, on Concord St just the other day, with the sole purpose in mind of having a housing development there.

#### PAUL MEADS IS SERVING IN LOWELL NAVAL RESERVE

Paul Meads, son of Mr and Mrs Anthony Meads of 149 Main Street, having completed his 'Sea Duty' on board the USS Valley Forge, nicknamed the 'Happy Valley' in an eight month cruise to the Far East is now serving with the US Naval Reserve Division 1-18, in Lowell. Meads, in his active duty on the Valley Forge, was a Firecontrolman striker, and now that he is with the Lowell Reserve he is retaining his rank, and pursuing his studies for a Firecontrolman rating.
